

I listen and financially support K-Love radio on a daily basis. It is a family friendly radio station. I do not have to worry about what the kids may hear while I have it on in the car or at work. There are so many stations now that have terrible things on in the morning and I know that I can turn on the radio and hear encouraging music. If you let LPFM take over there is a very good chance that I will lose the one and only christian music station in my area. In fact many of my friends and co-workers listen to this station and we would all lose this great music that has had such a positive and encouraging impact on my community. Please do not make me lose my favorite radio station by allowing LPFM to take over.
